3. PUBLIC COMMENT – Discussion ensued regarding on Grove Park and that the first thought of budget for 2025 this Fall should include Grove Park and work should begin next Spring and we'll need to come up with a plan.

Discussion ensued about options to change the approach in the Fall regarding the 2024 leaf season and we will update recycling in the April meeting.

4. UPDATES

- Public Works – Regarding the Meadowland Park Pond – we will focus on the design now so it's ready to be included in the 2025 budget. We can revisit the 2016 scope of work because it included many amenities that we think our public would like.
- Sloan Street sidewalks and trees – Discussion ensued about the trees that we have removed/taken down and if anything can be done to be corrected.
We need to fix the sidewalks and it was brought up that it brings people civic pride because of the historic firehouse & train station, and it's used as a public space.
